- + Electronic regulation
- + Thermometer with white electronic display
- + White LED lights with switch button
- + Humidity control: natural (hygrodynamy concept)
- + 1 plain door, silkscreened

Ageing wine cellar

The GARDE200 wine cellar reproduces the storage conditions of a natural underground cellar to carefully preserve your vintages until their peak date. Protection against light, humidity management, air renewal, absence of vibrations, constant temperature are combined to guarantee optimal ageing of your greatest wines.

Optimized performance and storage

Safe, the GARDE200 ageing wine cabinet also offers optimal comfort of use with a low noise level of 38 dB and reduced energy consumption (F energy class). Its metal shelves accommodate up to 204 Bordeaux 75cl bottles type. The metal half plate allows vertical storage of 12 bottles.

Entrust your wines to specialist with Climadiff.

Eco-responsibility

Our products are manufactured in compliance with European environmental rules. Especially, refrigerant fluid (R600a) doesn't reject neither CFC nor HFC and respect environment.

Energy consumption is calculated based on the result obtained for 24h in standard test conditions. The actual energy consumption depends on the conditions of use and location of the device.

This equipment is designed to be used in an ambient temperature between 16°-43°C.

This appliance is intended to be used exclusively for the storage of wine.

Alcohol abuse is dangerous for health, please consume in moderation.

*Capacity given as an indication with 75cl Bordeaux traditional type bottles and measured with 3 shelves. Adding shelves reduce considerably the total capacity.

**Thanks to the Vinotag® application, benefit from a digital register of your wine cellar and be alerted of the peak dates of your wines. In partnership with Vivino, scan your bottle to access its pre-filled wine sheet.

GARDE200

Ageing wine cabinet range

> EQUIPMENTS INCLUDED
